| Skin Sensitization, Category 1B                | Exclamation point | Warning  | May cause an allergic skin reaction |

## **GHS Hazard Phrases**

H315 - Causes skin irritation. H320 - Causes eye irritation.

H335 - May cause respiratory irritation.

H303 - May be harmful if swallowed.

## **GHS Precaution Phrases**

P280 - Wear protective gloves/protective clothing/eye protection.

P261 - Avoid breathing mist/vapours. P264 - Wash hands thoroughly after handling.

## GHS Response Phrases

P302+352 - IF ON SKIN: Wash with plenty of soap and water. P332+313 - If skin irritation occurs, get medical advice/attention.

P362 - Take off contaminated clothing.

P305+351+338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+313 - If eye irritation persists, get medical advice/attention.

P304+340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P301+330+331 - IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

P312 - Call a POISON CENTER or doctor/physician if you feel unwell.

## **GHS Storage and Disposal Phrases**

P403+235 - Store in cool/well-ventilated place. P404 - Store in a closed container.

## **Potential Health Effects (Acute and Chronic)**

Causes skin and eye irritation. May cause skin sensitization, an allergic reaction, which becomes evident on reexposure to this material.

#### Inhalation

May cause respiratory irritation.

#### Skin Contact

Causes skin irritation. May cause an allergic skin reaction.

#### **Eye Contact**

May cause eye irritation.

#### Ingestion

May be harmful if swallowed.

#### **Recommended Exposure Limits**

Not established.

#### Medical Conditions Generally Aggravated By Exposure

May cause rash on skin, and redness in eyes. May cause coughing by inhalation of a mist or spray.

## **OSHA Regulatory Status:**

This material is classified as hazardous under OSHA regulations.

| 3. Composition/Information on Ingredients |            |               |  |  |
|---|------------|---------------|--|--|
| Hazardous Components (Chemical Name)      | CAS #      | Concentration |  |  |
| 1. Phenol-Formaldehyde Polymer            | 28064-14-4 | 80 - 100 %    |  |  |
| 2. Benzenemethanol                        | 100-51-6   | 1.0 - 10 %    |  |  |
| 3. Phenol, 4-nonyl-, branched             | 84852-15-3 | 1.0 - 8.0 %   |  |  |

## 4. First Aid Measures

## **Emergency and First Aid Procedures**

#### In Case of Inhalation

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. If experiencing respiratory symptoms: Get medical attention immediately.

#### In Case of Skin Contact

In case of contact, immediately wash skin with soap and copious amounts of water. Remove contaminated clothing and shoes. Get medical attention if irritation develops or persists.

## In Case of Eye Contact

In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.

#### In Case of Ingestion

If swallowed, wash out mouth with water provided person is conscious. Call a physician immediately. Do not induce vomiting. For further assistance, contact your local Poison Control Center.

## Signs and Symptoms Of Exposure

Moderate irritation effect.

|                   | 5. Fire Fighting Measures                        |  |  |  |
|-------------------|--|--|--|--|
| Flash Pt:         | > 200.00 F Method Used: Pensky-Marten Closed Cup |  |  |  |
| Explosive Limits: | LEL: NE UEL: NE                                  |  |  |  |
| Autoignition Pt:  | No data available.                               |  |  |  |

## **Fire Fighting Instructions**

Protective Equipment: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

## **Flammable Properties and Hazards**

Product is not considered a fire hazard. Closed containers may rupture (due to build up in pressure) when exposed to extreme heat.

## SAFETY DATA SHEET 630/633 Epoxy.com Novolac Coating- Part A

#### **Hazardous Combustion Products**

In a fire, product may produce the following: Carbon monoxide, Carbon dioxide, Phenolics.

#### **Suitable Extinguishing Media**

Dry chemical, CO2, water spray or regular foam.

### **Unsuitable Extinguishing Media**

Do not use a direct water stream, which may spread fire.

## 6. Accidental Release Measures

## Steps To Be Taken In Case Material Is Released Or Spilled

PROCEDURE TO BE FOLLOWED IN CASE OF LEAK OR SPILL.

Absorb with sand or vermiculite and place in closed containers for disposal. Ventilate the area.

#### Protective Precautions, Protective Equipment and Emergency Procedures

Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves. Where splashing is possible, full chemically resistant protective clothing, and boots are required.

#### **Environmental Precautions**

Prevent entry into waterways, sewers, basements or confined areas.

## 7. Handling and Storage

#### Hazard Label Information:

Avoid contact with skin and eyes. Do not get on skin and clothing. Avoid inhalation of vapor or mist. Store in a closed container.

### **Precautions To Be Taken in Handling**

Provide adequate ventilation. Do not breathe vapor. Do not get in eyes, on skin or on clothing.

#### Precautions To Be Taken in Storing

Keep container tightly closed in a dry and well-ventilated place.

#### **Other Precautions**

Wash thoroughly after handling.

| 8. Exposure Controls/Personal Protection                 |            |          |           |              |  |  |

#### Protective Equipment Summary - Hazard Label Information:

Neoprene gloves Safety glasses, or goggles. Impervious clothing. Chemical resistant boots

#### **Respiratory Equipment (Specify Type)**

Normally when good engineering controls are used, no respiratory protection is needed. However, if cured product is abraded by sanding or grinding use a NIOSH approved air-purifying respirator. Where risk assessment shows air-purifying respirators are appropriate use a dust mask type N95 (US) or type P1 (EN 143) respirator. A NIOSH/MSHA approved air purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited. Use a positive pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air purifying respirators may not provide adequate protection.

#### **Eye Protection**

Safety glasses, or goggles.

#### **Protective Gloves**

Nitrile rubber and Neoprene are recommended.

# SAFETY DATA SHEET 630/633 Epoxy.com Novolac Coating- Part A

## **Other Protective Clothing**

Where splashing is possible, full chemically resistant protective clothing, safety glasses or face shield and boots are required.

## **Engineering Controls (Ventilation etc.)**

Good general ventilation should be sufficient to control airborne levels. Safety shower and eye bath.

## Work/Hygienic/Maintenance Practices

Wash contaminated clothing before reuse. Discard contaminated shoes. Wash thoroughly after handling.

#### **Environmental Exposure Controls**

Avoid runoff into storm sewers and ditches which lead to waterways.

## **11. Toxicological Information**

| Toxicological | Information |
|---------------|-------------|
|---------------|-------------|

Skin sensitization.

#### **Chronic Toxicological Effects**

May cause sensitization by skin contact.

## Irritation or Corrosion

Skin Irritation. Irritating to eyes.

## Symptoms related to Toxicological Characteristics

May cause redness, rash on skin. May cause slight skin irritation or skin sensitization. May be slightly irritating to eyes and respiratory system.

| Hazardous Components (Chemical Name) | CAS #      | NTP  | IARC | ACGIH | OSHA |
|--------------------------------------|------------|------|------|-------|------|

## 12. Ecological Information

#### **General Ecological Information**

Avoid release to the environment. May be hazardous to the environment if released in large quantities.

## Results of PBT and vPvB assessment

No data available.

## Persistence and Degradability

Not readily biodegradable.

#### **Bioaccumulative Potential**

No data available.

#### **Mobility in Soil**

not reported, unknown.

# **13. Disposal Considerations**

#### Waste Disposal Method

Incinerate or dispose of unused material, residues and containers in a licensed facility in accordance with all applicable local, state and federal regulations. Do not discharge substance/product into sewage system.
